

Empower your engineering campus.

E-enable it with ECM Suite

- Web Based Solution
- Multiple College / Course Support
- Adherence to Quality / Council Accreditation
- Management Information System
- Dynamic Dashboards & Customized Reports

ECM Suite - Overview

Information Records Module

- University / College Information
- Student Info Record
- Employee Info Record
- Alumni Management
- Management Information System

Admissions Module

- Student Counseling
- Admission (Pre & Post)
- Fees & Scholarship
- Hostel
- Transport

Administration Module

- College / Course / Department / Subject / Category
- Designation & Hierarchy
- Users and Roles – Access Rights
- Academic and Holiday Calendar
- News, Events & Announcement / E-notice Board
- Greetings
- 360° Feedback System
- Secured and Individualistic Dashboards

Academics Module

- Classroom and Student Groups
- Master / Departmental Time Table
- Syllabus and Teaching Schedule
- Faculty Allocation / Sessions Handling
- Student & Employee Attendance
- Student & Employee Leave
- Disciplinary Records

Support Module

- Document Upload & Download
- SMS / Email Alerts
- Biometric / RFID / Barcode / IVRS Integration
- Campus Web mail Setup

Examination Module

- Eligibility and Fees
- Schedule Exams and Internals
- Results / Marks
- Publish / Announcement

ENGINEERING CAMPUS MANAGEMENT SOLUTIONS

Present day, there is a continuous influx of students and new colleges in the engineering education sector. To steer this ever growing volume, streamlining of processes and management of campus resources become highly imperative.

We at CAMPUS MEDICINE have been there and done that, empowering medical campuses with tailor-made ERP Solutions, for over half a decade. Foraying into the Engineering education ecosystem and keeping its specific needs in mind, we present 'ENGINEERING CAMPUS MANAGEMENT (ECM) SUITE' – the proactive ERP solution for managing Engineering campuses worldwide. ECM Suite, as a centralized automated web-based solution, systemizes the multi-department work processes / functions and optimizes the available resources, thus enhancing productivity, ensuring efficacious time management and propelling the campuses northward.

ECM Suite

Features

ECM Suite is an intelligent and collaborative enterprise solution that maximizes performance & scalability and minimizes operational & communication costs.

-  **Web Based Solution**
Real time data accessible anywhere and on a range of devices
-  **Multiple College / Course Support**
Designed for managing multi-college and multi-course in a single server instance
-  **User-friendly Interface & Navigation**
Simplified Interface & automated workflow navigation for stakeholders facilitating ease of use
-  **Seamless Integration**
Integrates easily with hardware devices (Biometric, RFID & more) and other / existing software (Tally, Payroll & more)
-  **Support for Quality & Council Accreditation**
Adherence to NAAC, NBA and affiliated university / council guidelines
-  **Flexible Business Model**
Supports in-house server / cloud setup, pay one time / pay per user model

Benefits

We are determined to deliver tailor-made solutions that fuel the growth of engineering campuses to ensure optimum returns on investment.

-  **Root to Fruit Solutions**
Solutions for managing complete student life cycle (from admissions (Pre & Post) to alumni), automating campus functions and departments – academic, administrative, financial and more
-  **Modularized Design & Hassle Free Installation**
Quick & easy installation as per client preferences in a timely manner
-  **High Security Assurance**
Security at multiple levels (Role based and Code based – module, form and database) with automated database backup on specific hourly / daily basis.
-  **Round the Clock Support**
24x7 helpdesk (for calls, emails and remote) & scoped on-site support
-  **Management Information Platform**
Ensures effective departmental management & supports efficient decision making
-  **Dynamic Dashboards & Customized Reports**
Dashboard access and targeted reports generation facility for all stakeholders

Advantage Stakeholders

MANAGEMENT

- Improved campus branding and competitive advantage
- Complete fees management and forecasting
- High return on Investment
- Reduced operational cost
- Optimum utilization of campus resources
- Reinforces accountability and transparency on all stakeholders
- Better administrative control and real time data / reports availability

FACULTY

- Computerized student life cycle management
- Online employee diary / updates
- Centralized college and department wise time table management
- Online syllabus, courseware, assignments & mock papers upload
- Class / dept. wise student attendance
- Easier & efficient exam and marks management

STUDENTS

- Online admission, fees / scholarship payments
- SMS / email alerts for results, fees due, news & more
- Online access to time table, assignments & exam results
- Online access to courseware / documents
- Online leave application / taking approvals
- Online & secured access to give faculty / institution feedback

PARENTS

- Dashboard access with student / parent centric information
- Online access to circulars, documents & more
- Monitoring student's academic performance
- Track ward's attendance
- SMS / email alerts on exams and results
- Online payment facility and receipts

Why CAMPUS MEDICINE

We at CAMPUS MEDICINE are driven by customer-centric ideology that enables us to deliver cut-to-fit solutions to institutions worldwide. Built on this very maxim, our ENGINEERING CAMPUS MANAGEMENT (ECM) Suite streamlines the entire engineering campus functioning besides establishing a common and continuous platform between 4 stakeholders: Management, Faculty, Students and Parents.

Proven Expertise

High Performance Solutions

People Power

Continuous Hand Holding

“ I am extremely delighted to have an interactive portal like ECM suite. Administering the database of students, filtering them as per requirements of the company, communicating with the students as well as the corporate is made easy and perfect in time. The 'RIGHT INFORMATION' to the 'RIGHT STUDENT' in the 'RIGHT TIME' for the 'RIGHT PURPOSE' is possible only with this portal. ”

Executive Director, RajaRajeswari College of Engineering

“ Your ideas, responsiveness and implementation have been far beyond industry norms and even our own expectations. It's a pleasure to work with a firm which not only understands and accommodates customer requests, but also adds value through innovation. ”

Principal, ACS College of Engineering

Admissions Module

Student Counseling

Shortlisting of students based on criteria like qualification / quota / entrance ranking & more | Automatic email / SMS alerts to parents of shortlisted students for admission

Admission Management (Pre & Post)

Online admission forms | Shortlisting candidates | Roll no. generation | Hostel & transport allocation | Course allocation | Credentials storage facility | ID card / library card generation

Fees & Scholarship Management

Fee master | Fee categories | Scholarship master | Online / offline fees collection | One time / installation payment | Concessions | Hostel fees | Transport fees | Mess fees | Miscellaneous fees | Late fees | Refunds & settlements | Fines | Student Ledgers | Collection forecasts & reports | Receipts | Regular SMS & email alerts on dues, payments & receipts

Hostel Management

Category wise rooms / bed allocations | Check-in / check-out | Hostel attendance reports | Disciplinary log maintenance | Mess management | Daily attendance | Alerts, notices & reports

Transport Management

Route management | Distance / area based fees setup | Bus schedule / time table | Fee collection | User lists & reports | Vehicle management driver information | Vehicle allocation | Reports for stakeholders

Academics Module

Classroom & Student Groups Management

Classroom master setup | Integration of lecture hall, seminar hall & lab with student / faculty online attendance module | Course / semester / year wise classroom grouping

Master / Departmental Time Table Management

Master timetable setup | Department | Classroom | Period / Extra classes | Break / Recess | Vacations - definition | Faculty / substitute faculty allocation - integrated with dashboards of decision making stakeholders | Reports on year / college & theory / practical basis | Syllabus coverage reports

Syllabus & Teaching Schedule Management

Subject master setup | Theory & practical | Course wise / semester wise / year wise / department wise

Faculty Allocation / Sessions Handling

Allocate faculties subject wise | Time table wise | Substitute faculty allocation | Approval of abeyance session | Non-handled sessions reporting

Student & Employee Attendance Management

Theory & practical attendance | Network / Wifi based bio-metric / RFID interface | Real time class reports on a daily, weekly, monthly, semester & yearly basis | SMS & email attendance / Shortfall alerts to stakeholders subject wise & average | Real time reports for all stakeholders | Biometric / RFID based staff attendance fully integrated with ECM suite for better staff productivity & management

Student & Employee Leave Management

Online submission facility of leave application for students / parents | Leave request approval facility for appropriate approving hierarchy | Data input for facilitating HR MIS and Payroll | Status updates & archives on relevant stakeholder dashboards | Online facility for employee leave application and approvals | Status updated on respective dashboards

Disciplinary Records

Maintain & track student records for issues like ragging / theft / misbehavior / damage to college property & more | Corrective action plan against the issues to be captured on parents dashboards

Examination Module

Eligibility & Fees Management

Automation of student screening based on exam eligibility criteria | Exam fees collection appropriately | Hall ticket Issuance

Schedule Exams & Internals

Course | Semester | Year wise exam schedule setup

Results / Marks Management

Result classification | Saving internal marks | Uploading mark sheets | Percentile | Ranking

Publish / Announcement

Facility to publish results on student / parent dashboards & via SMS / email

Information Module

University / College Information

College / University contact details captured on students / parents dashboards | Maintain address, contact number & email id records for single / multiple college / university

Students Information Record System (SIRS)

SIRS details captured on student profile - Address | Contact no. | Email ids | Photograph | Past academic & work experience records | Integrated with admission, fees, library, hostel, transport, attendance, exam, result & other modules

Employees Information Record System (EIRS)

EIRS details captured on faculty / employee profile - Address | Contact no. | Email ids | Photograph | Past academic & research records | Integration with admission, library, hostel, transport, attendance, HR, leave, payroll & account module is available

Alumni Management

Alumni user creation & database management | Interactive discussion forums for building virtual community | Exchange | Donations & more

Management Information system

Management Information system Integrated access to SIRS | EIRS | Leave & attendance management | Fees management | Information system and reports | Exam & results management | Complaint management | Notices & alerts system | Non-handled / abeyance session reports | Holiday / vacation calendar | Approval / decision making and more

Administration Module

College / Course / Department / Subject / Category

University details | Single / Multiple college setup in single installation | Department wise / course wise / subject wise setup | HOD / faculty / Non teaching staff - department wise setup. Intra & inter department as well as inter college communication platform

Designation & Hierarchy Management

Organizational chart for hierarchical setup | Designation & role based access | Rights & privileges management

Users & Roles Access Rights

Administrator to set role access rights based on designation and campus process department work flow

Academic & Holiday Calendar

Academic year start & end dates | Semester / Yearly assignments | Batch creation | College timings & working days setup | Annual academic holidays setup | SMS & email alerts facility for announcing other holidays course / year / semester wise to all stakeholders

News, Events & Announcements / E-Notice Board

Role based access for news and events creation / upload | Fully integrated with stakeholder dashboards | Maintenance of archives for all published events

Greetings Management

Birthday | Anniversary | Festival greetings to students / faculty / management. The stakeholder dashboard displays the names of the students / faculty / management having birthdays / anniversaries

360° Feedback System

Parents to Institutions / hostel | Student to faculty | Superior to subordinate | Peer to Peer feedback facility & archival

Secured & Individualistic Dashboard Access

A secure login and password-based dashboard access for management, principal, HOD's, faculties, non-teaching staff, students & parents

Support Module

Document Upload & Download

Effective document archive and management system | Facility to upload & download relevant documents for all stakeholders (eg. Management - circulars, Faculty - mock papers, Students - assignments, Parents - medical certificate)

SMS / Email Alerts

Integration with - attendance | Fees | News & events | Compliant management | Exam & results with SMS / email alerts | Activation & delivery frequency setup for SMS / email via a separate setting module.

Bio-metric / RFID / IVRS / Barcode

Integration with ECM Suite for monitoring student & staff attendance | Library & hostel check in / out | Student ID cards

Campus Web mail Setup

Unified campus web mail setup | College domain name specific mail ids for all stakeholders and non-teaching staff | Web mail integration with stakeholder dashboards
